

BREIDENBACHER HOF  
DÜSSELDORF · GERMANY

## BECAUSE WE CARE

Only accommodation of **business travelers** is permitted. We kindly ask for **a written confirmation on business paper or by business e-mail with an official signature before check-in** that the purpose of the trip is business related.

It is mandatory to wear a medical mask (surgical mask, FFP2 or KN95) in all public areas of the hotel. **We ask for your understanding that out of consideration for guests and employees, we cannot accept any mask exemptions.**

Due to the current situation, 1 external guest per room is currently allowed in the hotel. **External guests must be announced in writing and registered with full contact details in advance.**

Please keep the required minimum distance of 1.5 meters from guests and hotel staff during your stay.

Our elevators are available to a maximum of two guests at the same time. Families are excluded.

Our room service is available daily from 7.00 am to 10.00 pm.

In order to minimize personal contact, our housekeeping staff will only clean and prepare your room **on request every second day**. Please let us know at reception how we can proceed here. The turndown service is not available at the moment.

Currently we are only able to offer you express laundry service within 24 hours on demand.

If you have any further questions, please contact our front office team.

STAY CONNECTED
