TRAVELLERS' CHOICE AWARDS

The Travellers' Choice Award recognizes hospitality companies around the world that consistently provide great service.

The winners are honored once a year for their performance, taking into account various criteria (e.g. quality, quantity, topicality of the ratings). There are two prize categories: "Best of the Best" and "Travellers' Choice".

An official application is not possible, companies can only earn the certificates through their performance and evaluation by travelers.

THE DUCHY

After completing the renovation and conversion phase, **THE DUCHY** opened its doors in 2020. Inspired by the classic Parisian brasserie, **THE DUCHY** also takes influences from all over Europe in terms of style and cuisine. The restaurant, stylish and chic yet relaxed and cosy, pays homage to the Duchy of Dusseldorf.

The individual, professional and friendly service of the restaurant team ensures a pleasant and warm atmosphere. With its ambitious farm-to-table concept, the kitchen team around head chef Philipp Ferber focuses on sustainable enjoyment and refined brasserie cuisine with local ties.

An absolute highlight is the Raw Bar, where delicious, light delicacies can be enjoyed. Whether for a short break during a shopping spree on the "Kö", for a small snack before going to the opera or just for the love of champagne - the Raw Bar is exactly the right place.
