The Henge-Suite by TREUTLEIN: A New Era of Luxury and Exclusivity at Breidenbacher Hof

Düsseldorf, February 20, 2025 – The opening of the Henge-Suite by TREUTLEIN at the legendary 5-star luxury hotel Breidenbacher Hof marks the beginning of a new chapter in the world of luxury interior design. This prestigious project is the result of a groundbreaking collaboration between renowned Düsseldorf-based interior designer Patrick Treutlein, the Italian high-end interior label Henge and the Breidenbacher Hof. Together, they present an extraordinary vision: a luxurious suite designed to serve as a source of inspiration, a networking location, a showroom for exquisite design and a private residence.

A Unique Concept for Design Connoisseurs and Aesthetes

Spanning approximately 130 m², the Henge-Suite by TREUTLEIN has been designed with an open, flowing layout to maximize the experience of sophisticated living. The kitchen, living and dining areas, as well as the bedroom and bathroom, are seamlessly connected and located on the 7th floor of the luxury hotel. Here, design enthusiasts, entrepreneurs and art lovers come together in a salon atmosphere that inspires and connects. Private dinners, bespoke events and confidential conversations take place in a setting that offers both intimacy and the highest level of aesthetics. Every surface, piece of furniture and lighting mood has been carefully selected to dissolve the boundaries between living, art and architecture.

"The suite is a natural extension of our brand philosophy – a space where visionary design and unparalleled craftsmanship merge. Our idea was to create a luxurious, private ambiance that makes finely curated Henge designs tangible in a real, livable context and redefines modern hospitality." – Patrick Treutlein

Inspiration from Milan: The Birth of a Vision

The idea for this extraordinary suite was significantly influenced by Romeo Sozzi, founder of the Italian luxury furniture manufacturer Promemoria. His private suite in Milan combines homeliness with a curated design world – an inspiration that left a lasting impression on Patrick Treutlein.

"I still vividly remember my first visit to Sozzi's suite in Milan. It was more than just a living space – it was an experience, a staging of design at the highest level. I wanted to bring this feeling to Düsseldorf and create an environment that uniquely unites the art of materiality with the art of hospitality." – Patrick Treutlein

Iconic Interior Design

With the Henge-Suite, new standards are set in the world of exclusive interior design, creating a previously unseen location in Europe. Every detail and material has been chosen with the utmost care and precision, emphasizing the highest quality standards and visionary design.

The suite has been fully furnished with exclusive Henge creations and complemented by selected international premium brands that have enriched the project with their expertise. Brands such as Robbe & Berking, KPM, Dornbracht, Luiz and Schramm Betten have been strategically integrated into the overall design. Here, interior design is not only seen but also felt, lived and experienced.

A complete list of participating partners is available upon request.

Some of the suite's highlights:

- Exquisite and rare materials: Handcrafted metals, exclusive natural stones and fine woods shape the interior.
- Sensory surfaces: From the velvety feel of Italian leather to the deep sheen of patinated brass – the suite appeals to all senses.
- Dynamic lighting moods: Custom lighting solutions by Henge create an ever-changing atmosphere that transforms the space throughout the day.
- Sustainable elegance: All materials used have been selected with durability and environmental compatibility in mind – luxury that transcends fleeting trends.

A Curated Collaboration at the Highest Level

In addition to serving as a showroom space and networking location for exclusive events, the suite is also intended to be a meeting place for select individuals and a retreat for distinguished VIP guests of the Breidenbacher Hof. To complete the holistic experience of luxurious living and conscious enjoyment, the suite is equipped with in-house, sustainably produced specialties – including fine wines, teas and oils sourced from regional production. Managing Director Cyrus Heydarian and Culinary Director Philipp Ferber, known for their uncompromising dedication to quality and sustainability, have carefully curated this selection to reflect a deep connection to the region.

„Our partnership is a statement for the future of luxury," emphasizes Cyrus Heydarian. "We share the vision of offering guests and clients unique experiences that not only delight but also inspire. The Henge-Suite is a masterpiece that embodies innovation, design and hospitality in perfection and we are very pleased to have this extraordinary location in our hotel."

With this unique suite, Patrick Treutlein, Henge and the Breidenbacher Hof are making a visionary statement in the world of exclusive living – a fusion of aesthetics, functionality and timeless elegance.

The suite is available exclusively by invitation from Patrick Treutlein or Cyrus Heydarian – a deliberate decision that underscores the project's exclusivity. The cost of an overnight stay is not publicly disclosed but is determined individually upon request.
